In general, this filters out chat, criminal skills, gambling, obscene/tasteless, pornography, R-rated, or web-based proxy avoidance websites.

The Library will unblock erroneously blocked websites upon request and with picture ID for those 18 or older. The Library is not able to unblock wireless computers.

When using the Library’s Internet and/or computers, users agree to:

Board Meeting Policy

The Muncie Public Library Board of Trustees (hereafter referred to as the Board) meets monthly at a time and place determined by the annual schedule unless otherwise changed by the Board.

The Board conducts its meetings in public but they are not public forums. However, the Board recognizes that public input is important to the democratic process. Therefore, to balance the need to conduct business in an expedient, effective manner and listen to public comment the Board adopts the following procedures:

- The agenda will include a place for public comment and input.
- During the public discussion period the Board President or designee will invite the public to comment after giving his/her name, address, phone number, and the organization they represent, if any.
- Every person will be given three (3) minutes to talk about the issue or concerns they have that relate to the Library unless their issue(s) or concern(s) have been addressed by someone else or involve personnel.
- It is the policy of the Board to listen but not comment on public input. If a response is appropriate, a response will be given in a timely manner.
- The Board President or their designee may ask at any time if there are new facts or information on a particular subject. If there are no new facts or information the President or their designee will close discussion on that issue.
- Monthly business meetings may be filmed by the media with prior arrangements with the Director. Committee meetings may not be filmed.
Capital Asset Policy

Definition
Capital assets include items such as: land, easements, improvements other than buildings, buildings, construction in progress, machinery and equipment, vehicles, infrastructure, works of art, and, books and materials. Capital assets with an estimated useful life of more than one year and an original cost of $2,000 or more will be accounted for as capital assets. In addition, the aggregate of all books and similar materials with a useful life of more than one year, regardless of the original cost, will be considered capital assets. For accountability and safeguarding of assets, an inventory will be kept on all computers costing more than $500.

Valuation of Capital Assets
Capital assets should be recorded at actual cost. Normally the cost recorded is the purchase price or construction cost of the asset, but also included is any other reasonable and necessary cost incurred to place the asset in its intended location and intended use that can be directly related to the asset. Donated or contributed assets should be recorded at their fair market value on the date donated or acquired.

Asset Definitions by Category
Accurate records will be maintained by asset category. They include but are not limited to the following:
- Land, easements, and rights of way
- Specified land, easements, rights of ways, lots, parcels or acreage owned by the Library, regardless of the method or date of acquisition.

Improvement Other Than Buildings
Examples include walks, parking areas, drives, fencing, retaining walls, fountains, planters, sprinkler systems and other similar items.

Buildings
All structures designed and erected to house equipment, services or functions of the Library are included in this category. This includes systems, services, and fixtures within buildings and attachments such as porches, lighting fixtures, flagpoles and other such units that serve the building. Plumbing systems, lighting systems, heating and cooling, ventilating and air handling systems, alarm systems, sound systems, surveillance systems, elevators, fixed shelving and other fixed equipment are included with buildings.

Equipment
Equipment includes all other types of physical property within the scope of the Capital Asset Policy not previously classified. Included within this category are bookshelves, office mechanical equipment, office furniture, appliances, furnishings, machinery items, maintenance equipment, communication equipment, books and similar items, vehicles, data processing equipment, and similar items. All supplies are excluded.

Asset Transfers and Dispositions
Property should not be transferred, turned in for auction, or disposed of without prior approval of the Library Director. The Equipment Transfer/Withdrawal Form should be filled out and sent to the Payroll & Purchasing Specialist in all cases. Deletions for any reason must be reported to the Library Director or his/her designee. Transfers are defined as any movement of an asset. If an asset is stolen a police report should be promptly filed.
**Inventories**
A physical inventory of capital assets will be conducted annually by the Payroll & Purchasing Specialist and the Branch Managers or their designees.
Circulation Policy

Access
To accomplish the Muncie Public Library’s mission, the buildings, computers, and general resources are open to the public. Materials may be borrowed by any resident or individual who otherwise qualifies to register for a card. A card must be in good standing to borrow materials.

Identification
Applicants must present proof of residence and valid photo identification to obtain a card with borrowing privileges.

Registration for Minors
Anyone under 18 may obtain a Library card with borrowing privileges if their parent or legal guardian is willing to sign the registration. The parent or legal guardian will need a card in their own name that is in good standing, unless their child only qualifies for a Student Card or received an S-Card through their school. In either case, the parent or legal guardian is responsible for any items lost or damaged on the minor's card. Depending on the type of card, a minor's account may not accrue overdue charges. Specified materials may be restricted from checkout by a minor or on a minor's card. The account’s expiration date and item limitations will depend on the type of card the minor obtained. Refer to the card types below for further details.

Library Cards
- **New Resident Borrower cards** are issued to anyone who is eligible. If the customer is in good standing after 3 months, the card can be converted to another card type with borrowing privileges. Twenty-five (25) items total can be checked out on the card. Five (5) items may be audio visual, 1 of which may be a video game.

- **Resident cards** are available to all residents and/or property owners in the taxing district. Customers who own property but do not live in the taxing district must show a property tax receipt or other proof of ownership. Cards are good for 3 years. Seventy (70) items total can be checked out on the card. Twenty-five (25) items may be audio visual, of which 4 may be video games.

- **Nonresident cards** are available to anyone outside of the Library taxing district who wishes to make Muncie Public Library their home library. A nonresident card provides full access immediately to all borrowing privileges. It may be obtained by paying an annual fee that is determined yearly. Cards are good for 1 year. Seventy (70) items total can be checked out on the card. Twenty-five (25) items may be audio visual, of which 4 may be video games.

- **Public Library Access Cards (PLACs)** are available to Indiana residents who have a library card with another Indiana public library. A PLAC card provides full access immediately to all borrowing privileges. PLAC fees change yearly and these cards can only be obtained from the Maring-Hunt Library location. Cards are good for 1 year. A PLAC card can be used at all participating Indiana libraries. Seventy (70) items total can be checked out on the card. Twenty-five (25) items may be audio visual, of which 4 may be video games.
• **Reciprocal cards** are available due to a reciprocal agreement between Muncie Public Library and Mt. Pleasant Township Public Library. A customer in good standing at their home library is eligible for a card at the other library as well. Cards are good for 1 year and may be renewed if the Reciprocal Borrowing Agreement is in effect. Seventy (70) items total can be checked out on the card. Twenty-five (25) items may be audio visual, of which 4 may be video games.

• **Organization cards** are available for the owner of a business or the local head of a nonprofit located within the taxing district. To obtain a card, proof should be provided that includes the name of the organization, the address, the owner/head or representative’s identification, and a property tax receipt or the tax exemption number. The owner/head can designate a representative to register and use the card, but the representative will need a signed letter of approval from the owner or head. Cards will be issued in the name of the organization and are good for 1 year. All fines and fees are the responsibility of the organization. Seventy (70) items total can be checked out on the card. Twenty-five (25) items may be audio visual, of which 4 may be video games.

• **School cards** may be obtained by the principal, librarian, or director of a licensed school, pre-school, Head Start, or day care located in the taxing district. They will provide proof that includes the name of the school, address, and other prescribed information. Cards will be issued in the name of the school. The school will be exempt from overdue charges, but responsible for all lost and damaged fees. Cards are good for 1 year. One hundred and fifty (150) items total can be checked out on the card. Twenty-five (25) items may be audio visual, of which 4 may be video games.

• **S-Cards** are issued to students and staff members of partner organizations who participate in the shared catalog project. Cards will be active while the student or staff member remains part of the partner organization. Partner organizations determine borrowing limits for their own materials. While exact borrowing rules vary based on the type of S-Card issued, students with S-Cards can check out 70 items total. The student and faculty will be exempt from overdue charges, but responsible for all lost and damaged fees. Five (5) items can be juvenile DVDs and 2 can be juvenile video games. Partner organization staff members have the same borrowing privileges as Teacher cards.

• **Student cards** may be obtained by anyone attending a licensed school inside the taxing district who does not qualify for an S-Card. Students under 18 are subject to the same registration requirements as any other minor, but their parent or legal guardian is not required to have a card in the system if they do not live in the taxing district. Cards are good for 1 year. The student will be exempt from overdue charges, but responsible for all lost and damaged fees. Seventy (70) items total can be checked out on the card. Twenty-five (25) items may be audio visual, of which 4 may be video games.

• **Teacher cards** are available to anyone who teaches at a licensed school in the taxing district who does not qualify for an S-Card. Cards are good for 1 year. The teacher will be exempt from overdue charges, but responsible for all lost and damaged fees. One hundred and fifty (150) items total can be checked out on the card. Twenty-five (25) items may be audio visual, of which 4 may be video games.
• **Employee cards** are available to anyone who works at Muncie Public Library, has retired from the Library, or currently serves on the Board. Employee cards are exempt from overdue charges, but responsible for all lost and damaged fees. Seventy (70) items total can be checked out on the card. Twenty-five (25) items may be audio visual, of which 4 may be video games.

• **Computer Guest cards** are non-borrowing cards and may be issued to anyone who does not have a Muncie Public Library card and wishes to use the Library’s computers and internet. The card is valid for 1 year.

**Check Out & Card Replacements**
After registration, the account holder or their representative must have the card in hand or a digital copy to check out materials. If a card is lost, an adult can get a replacement by showing photo identification, while a minor needs to verify the card holder's information. The first replacement is free. Thereafter, each replacement card is $1. It is the responsibility of the card holder to inform the Muncie Public Library if a card is lost or stolen and is responsible for all material and charges accumulated before notification.

**Overdue Charges**
If an item is returned overdue in good condition, the Library will not charge a customer more than 75% of the cost of the item in overdue charges. Customers may choose to be notified of overdue materials on their card, and may be contacted by e-mail, text, or mail. A failure to receive notification will not alleviate responsibility for overdue fees.

**Lost and Damaged Materials**
Customers are responsible for all materials checked out on their Library card. If materials are lost or damaged and no longer fit for circulation, the customer will be charged the cost of the item as stated in the item record. Damaged items will be held for pick-up for 30 days after the initial charge and become the property of the customer upon payment. Exceptions will be made if the item is not safe to house, due to condition or contamination issues. Receipts are given to customers who pay for lost or damaged materials. The Library will not give refunds if items are found and later returned.

**Collection Agency**

Collection Development Policy

Mission and Vision
The mission and vision of the Library is to provide programs and information which support and encourage a literate society, aid in decision making, and support educational and lifelong learning goals.

Materials will aid the end user in making effective use of recreational time, ensuring the workforce is prepared for jobs in the 21st century, and encouraging a love of reading. The Library continually seeks materials that will encourage intellectual growth as well as provides the broadest access to informational, educational, and recreational materials appropriately disseminated by a library.

Selection Philosophy
We follow the ideas espoused in the American Library Association’s Bill of Rights, and the beliefs outlined below:

- It is in the public interest for publishers and librarians to make available the widest diversity of views and expression, including those which are unorthodox or unpopular with the majority.
- Publishers, librarians, library boards, and booksellers do not need to endorse every idea or presentation contained in the books they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining which books should be published or circulated.
- There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading material deemed suitable, or to inhibit the efforts of writers to pursue artistic expression.
- It is the responsibility of publishers and librarians (within the scope of the Library’s budget) to provide books that enrich the quality and diversity of thought and expression.

Selection Criteria
Selectors use a variety of sources when making choices including reviews, customer requests, demographics and staff recommendations. Quality, past popularity of authors plus cost are important factors when making selections. Quality encompasses binding, readability, accuracy, and illustrations but is not limited to those criteria.

Since the Library is responsible for serving the whole community, titles and topics may be purchased that do not appeal to one group but will appeal to another. The Library seeks to provide materials on a variety of topics to satisfy a broad range of demographics. Whenever possible, materials will be reviewed in professional or credible publications prior to purchase and one or more of the following criteria will be applied:

- Selections will include popular authors, title, and subjects
- Customer requests will be strongly considered
- Limited resources preclude the purchase of costly or specialized items that can be obtained at Ball State University or through Interlibrary Loan
- Materials that focus on Muncie/Delaware County, especially those whose focus is local history or genealogy, will be added whenever possible. See Local History Services and Collections for more information.
Demand
As funding allows, print collections will include enough copies of high demand items to fill the requests (based on a 4:1 ratio).
As funding allows, movie collections will include enough copies of high demand items to fill requests (based on a 6:1 ratio).

Budget Expenditures
The Indiana Administrative Code has defined standards for library budget expenditures for materials (590 IAC 6). These standards are defined as a percentage of the total library operating budgets. Current standards call for 8% of the operating budget to be spent on collection, and Muncie Public Library complies with this standard.

Print Collections
The goal of print collections is to support life-long learning and encourage a life-long love of reading for all ages by providing high demand items and materials related to popular culture. New, current, high demand, and popular culture materials with publication dates ten years old or less, will comprise at least 50% of circulating adult print materials at Maring-Hunt and Kennedy libraries.

Movie, Music, and Downloadable or Electronic Resources
Materials in this category may be downloadable, online, and digital, or in another non-print format. Popular culture and curriculum/educational requirements will drive these collections and formats.

Interlibrary Loan
The Library will provide this option to customers seeking materials the Library does not own and cannot or will not purchase. Limitations may be set by the Library. The Library will seek to develop cooperative arrangements whenever feasible.

Gifts
The Library accepts donations of books and AV items, reserving the right to evaluate every item using the same criteria for purchased materials. Donated items not added to the Library collection may be given to the Friends of the Library or discarded. All donors may receive a “Donation” form for tax purposes. See Donation Policy for more information.

Reconsideration
The Library recognizes the right of individuals to question materials in the Library collection. Customers questioning materials may ask for a “Reconsideration” form and submit it to a Library employee to begin the reconsideration process:
• Reconsideration forms will be given to the Library Director who will convene the Reconsideration Committee chaired by the appropriate personnel.
• The Committee will read and/or view the contested item and develop a written response which will be sent to the Director.
• The Director will contact the customer with the Library’s decision regarding the material.

Complaints Made by Parents/Caregivers Policy

In general, complaints whether made about employees, customers, or the Library in regard to the treatment of children will follow the same steps as general complaints.

1. Employees and/or supervisor(s) will listen to the complaint, asking open-ended questions to gather as much information as possible.
2. Call the police if such action is required. If not, assure the parent/caregiver the Library will investigate and get back to them. Employees making the report should include name and work phone number of person filing the complaint.
3. An incident report will be written by everyone involved with the incident as well as people in the area who could have witnessed something (sometimes people in the area who said they didn’t not see or hear anything are important witnesses and their statements should be included in an incident report).
4. Be sure there is follow up—give the report(s) to supervisors and Director.

Child Abuse Complaint Procedure

1. The supervisor, Director or staff on the scene should notify Child Protective Services as soon as possible by calling 1-800-800-5556 (always 1st choice). If unable to get through to the 800 number call 751-9565.
2. If the Director or supervisor is not on the scene notify them immediately and give them as much information as possible.
3. Ask everyone involved and in the area to write an incident report.
4. Notify other parties as required and/or necessary.

As a general rule, employees should not contact families of the alleged victim. The Director will act as the spokesperson for the Library. Employees should never speak with the family alone.
Conduct Policy

The Library is supported by the taxes of the people of Muncie and Center Township. They expect Library facilities to be clean, comfortable, and conducive for selecting materials, reading, researching, studying, writing, and attending Library or community sponsored programs and meetings. To this end, the Library is responsible for establishing rules of conduct to protect the rights and safety of Library customers, volunteers, and employees for preserving and protecting the Library’s materials, equipment, facilities, and grounds.

Library Conduct

Enforcement of Library Conduct Rules will be conducted in a fair and reasonable manner. Library staff will intervene to stop prohibited activities and behaviors. Failure to comply with the Library's established rules, regulations, and policies could result in removal from the premises. Violations could also result in the restriction and/or termination of Library privileges for one day to one year or more.

Copyright Policy

The Copyright Act of 1976 provides protection to “original” works of authorship. Protection is extended to the holders of copyright for literary works, musical works, dramatic works, pantomimes and choreographic works, pictorial and graphic works, motion pictures, and other audio works, sound recordings, and architectural works. This protection applies equally to published and unpublished works. The holders of the copyright possess the exclusive right to authorize reproduction, distribution, public performance, public display, and preparation of derivative works based on the copyrighted work. It is illegal to violate the rights of copyright holders or to direct others to do so. The penalties for violation can be severe. It is best to assume that anything published after 1920 is protected by copyright.

As an institution committed to providing convenient and equal access to information and creating environments which foster life-long learning, personal enrichment and a literate society, the Library is committed to complying with all applicable laws regarding intellectual property. That commitment includes the full exercise of the rights accorded to users of copyrighted works under the “Fair-Use” provision of federal copyright law.

It is therefore the policy of the Library to facilitate the Fair Use rights for Librarians and staff in their teaching, research, and public activities and to that end, the Library shall:

1. Avoid whenever possible adopting or supporting policies and agreements that would restrict Fair Use rights.
2. Inform and educate staff about their rights and responsibilities regarding copyright law including their Fair Use rights and the four factors of determining those rights set forth in 17 U.S.C. section 107.
Credit Card Policy

The Library utilizes credit cards for the following purposes:
  o Online ordering
  o When vendors will not invoice the Library
  o To secure rooms and other conference related expenses
  o Emergency purchases

Purchase Orders (PO’s) will be obtained prior to using the credit card. It is the responsibility of the Assistant Director and the Payroll & Accounts Payable Specialist to ensure the PO process has been completed prior to issuing a credit card.

Credit cards will be kept in the Administration Office. The person ordering items using the credit card cannot be the person receiving the merchandise. All credit card bills must be checked for accuracy, and items checked for delivery prior to approval.

An audit of items purchased using the credit card will be conducted on a regular basis by the Treasurer.

The Library Director is authorized to accept donations of materials, art, and objects without restrictions. The Library Director will determine which items are to be added to collections, displayed, or sold/given away.

Exhibit and Promotional Material Policy

Purpose
The Library devotes space in its libraries for the purpose of featuring library materials and programs, providing information about community groups, and exhibiting works of individual artists, craftsmen, and collectors. Exhibit space is made available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

Content
The Library is a repository of all types of knowledge and information, almost any material can potentially be the subject of a Library exhibit as long as it is appropriate for all age ranges.

Displays which espouse a controversial viewpoint will not be allowed unless the exhibitor can arrange for the opposition to provide a display that will illustrate the opposing viewpoint at the same time.

Treatment of the exhibit materials will be a determining factor in their suitability for display.

The Library itself is a primary source of exhibits featuring materials, programs, local and current history, etc.

Agreement with Exhibitors
Exhibitors must sign an agreement to comply in good faith with the following conditions:

1. Hold the Library blameless for loss or damage.
2. Assume responsibility for assisting with the installing, hanging, and labeling of the exhibit on the agreed upon date.
3. Remove the exhibit promptly on the agreed upon date.
4. Identify the exhibitor by name within the display.
5. Refrain from commercial advertisement. Exhibit materials sold during the display period may not be removed before the end of the exhibition.
6. Submit a complete exhibit inventory to the coordinator no later than the time of installation.
7. All exhibitors must use the phrase, “This exhibit is not sponsored or endorsed by the Muncie Public Library” on all advertising and promotion. The Library name may be used as a location.
8. Supply the Library with biographical materials and descriptions of the display for use in Library publications when space permits.

All display cases will be the responsibility of the Building Supervisor or his/her designee.

Public Notices
As a public service, the Library posts public information. Posters and announcements may be submitted to the Public Relations Specialist or to the Library Director to approve and distribute for display on the Community Information board/table at each Library. Subject to limitation of space, announcements will be posted according to the following regulations:

1. The Library posts notices and information, including ticket information, for events of cultural, informational, and civic interest. When space is limited, preference is given first to Library materials/events, then to regional events and to state events.
2. Notices of a purely commercial nature are not posted unless held at the Library.
3. Undated materials such as hotline posters and social service announcements will be displayed as space permits.
4. Items to be posted must be neat and clearly readable.
# Fines and Fees Policy

In order to encourage a timely return of materials, the Library will charge a fine for late returns. Exceptions include:

- Card holders who are limited to only print materials.
- Teachers and educational institutions within the service area
- Materials on loan to other libraries

Fundraising Policy

The Library will send out an annual fundraising letter. Proceeds from the annual fundraising will be deposited into a fund other than the Operating Fund. Monies will be allocated based upon the project or need specified in the fundraising letter or to a project designated by the Director.

Fundraising activities must support the mission and services of the Library and be in accord with Library values and policies.
Health and Safety Policy Regarding Pest Infestation

Summary

It is the responsibility of the Muncie Public Library to maintain a healthy and clean environment for all Library users, and to protect the public’s investment in the Library’s collections, equipment, and property. To meet this obligation, Library staff systematically inspects all materials entering the building.

Returned materials with evidence of pests (dead or alive) are bagged, sealed, and treated with heat or chemicals to eliminate any danger of infestation. Immediate efforts are made to identify the borrower who may be unwittingly bringing contaminated materials onto library property.

Any incidents of library materials returned contaminated with pests are documented in the borrower’s record. Repeated offenses may result in the suspension of borrowing privileges and/or access to Library facilities.

Suspension of Borrower Privileges

The Library may restrict a user’s ability to borrow materials and/or visit Library facilities when staff collected evidence verifies an unsafe situation that requires intervention.

If it becomes necessary to suspend Library borrowing or access privileges, the Circulation Supervisor will do so in consultation with the Library Director.

Access to Library facilities and borrowing privileges may be restored when the suspended customer demonstrates that the situation that caused the loss of privileges has been remediated.

Attendees at Library sponsored events and activities permit the taking of photos, digital images, and videos of themselves and their children for use in Library promotional efforts including publications, website, and appropriate social media platforms used by the Library.

If customers do not want photos or videos of themselves or their children to be taken, they must indicate this preference on event registration forms or at the beginning of the program.

Photographs and images will be used for Library promotional purposes only.
Purchasing Policy

The Director or his/her designee shall serve as the “purchasing agent” for the Library.

In general, merchandise shall have been received before payment is remitted. It shall be the responsibility of the Director to approve situations when the vendor requires prepayment. No expense shall be paid without a pre-existing appropriation and a properly executed purchase order or accounts payable voucher.

Nothing in this policy shall be construed as to lessen the requirements set forth in Indiana Code and explained in the State Board of Accounts “Accounting and Uniform Compliance Guidelines Manual for Libraries.”

Library Materials
Library materials are exempt from statutory purchasing restrictions. They include books, magazines, pamphlets, films, microfilms, transparencies, slides, discs, tapes, models, art, reproductions, and all other forms of Library and audiovisual materials. The Board expect staff members to use due diligence in seeking out the most economical sources for the items.

Purchases under $50,000
Whenever purchases are to be made, where the total is expected to be under $50,000, Library staff is expected to use the following guidelines:
1. Purchase Orders (PO’s) are to be used to the greatest extent possible in advance of actual purchase;
2. Competitive quotes are to be taken on an informal basis, whenever possible;
3. Local providers are to be used unless there is an advantage in price, service, or quality to the Library district.
4. Single purchases in excess of $15,000 must be approved by the Board, except when an emergency exists.

Purchases between $50,000 and $150,000
When purchases are to be made, where the total is expected to be over $50,000, but less than $150,000, Library staff is expected to use the following guidelines:
1. Approval must be received by the Board in advance of making the purchase.
2. Formal invitations for quotes must be mailed to at least three (3) persons known to deal in the lines or classes of supplies to be purchased at least seven (7) days before the time fixed for receiving quotes.
3. If the purchasing agent receives a satisfactory quote, the purchasing agent shall issue a purchase order to the lowest responsible and responsive offeror for each line or class of supplies required.
4. The purchasing agent may reject all quotes.
5. The purchasing agent may use a special purchasing method provided in I.C. 5

Special Purchasing Methods
The Director or his/her designee is authorized to make special procurements under the following instances:
- An emergency that poses a threat to health, welfare, or safety.
- A unique opportunity to obtain supplies or services at a substantial savings to the Library.
- The compatibility of equipment, accessories, or replacement parts is a substantial consideration in the procurement and only one source meets the Library’s requirements.
Procurement of the required supplies under another section of IC 36-1-9 would seriously impair the functioning of the Library.

An auction.

A gift of goods.

Purchase from a small business.

Data processing hardware, supplies and services, for the sake of continuity and compatibility.

No responsive offer.

When only a single source for the item can be found.

**Services**

Insurance coverage is not included within the definitions contained in the Public Purchasing Law IC 36-1-0 or Public Works Law IC 36-1-2. Therefore, there is no requirement for advertising or soliciting bids for such service. The Director will determine insurance coverage.

**Real Estate**

All purchases of real estate shall be made only with the prior consent of the Board and shall follow all applicable state laws.

**Construction**

All construction, alteration, or renovation on Library owned or leased property with a value in excess of $50,000 shall be governed by the “public works law” (I.C. 36-1-12) or the “design build law” (I.C. 5-30).

1. The Library may require a “bid” or “performance” bond. A prescribed, preprinted form for bids on equipment, supplies, etc., is not required: the Library shall prescribe the information to be provided by prospective vendors.

2. The Library may allow increased compensation for early performance or penalties for late performance.

3. Contracts may be renewed, but not for a period longer than the term of the original contract. If the original contract contained provisions for escalation of price it may not be renewed.
Serious Illness or Injury on Library Property Policy

In case of serious illness or injury on Library property, to a member of the public or an employee, staff is instructed to call 911, and immediately report it to the Director.
Smoking Policy

Smoking, use of tobacco products or tobacco-like products including e-cigarettes and vaping will not be permitted within 25 feet of any Library building.

Employees may not smoke in Library-owned vehicles.
Solicitation Policy

Individuals not employed by the Library are prohibited from all activities of solicitation and distribution of any written or printed material of any kind for any purpose on Library property without the permission of the Director.

United Way and Friends of the Library are Library approved external organizations which are exempt from this policy.

Employees are prohibited from engaging in any and all activities of solicitation or distribution during working time for any purpose. Working time means the working time of both the employee doing the soliciting or distributing and the employee to whom the soliciting or distributing is directed. Distribution and solicitation is not permitted at any time in work areas. Work areas do not include parking areas, intranet, or break rooms.
Surplus Furniture and Equipment Policy

It is the policy of the Library to dispose of Library materials, furniture, and equipment that are no longer functional or useful. The Head Custodian is responsible for the sale or disposal of all Library furniture and equipment in accordance with Indiana Law.

Furniture and equipment will be removed from inventory by the Head Custodian in cooperation with the Administration Office when appropriate.

Furniture or equipment valued at less than $300.00 may be donated to a non-profit, charitable organization with the Director’s approval.

Books and other materials will be removed from the collection and donated to the Friends of Muncie Public Library or other not-for-profit, or sold via the internet by the Library.

Items not covered above may be sold at auction or a publicly advertised sale with any proceeds from such sale being deposited into the General Fund. Prior to the sale or auction the Administration Office will make a list of items to be included in the sale for the approval of the Board.

If any items are determined to have marginal or no resale value, or do not sell through the auction or publicly advertised sale, they may be sold or discarded in the best interest of the Library.
Unattended Child Policy

Providing a welcoming environment requires cooperation between staff and customers of all ages. Following the Code of Conduct posted at each Library and on the website is an important step in ensuring the Library remains a welcoming place for everyone.

The Library welcomes children! We also recognize that for the sake of safety, all children seven (7) and under should always be accompanied by a responsible caregiver. The responsibility for the safety and behavior of children while they are in the Library rests with the parent/caregiver and not with Library personnel.

The following guidelines will be adhered to:

- Children 7 and under must have a parent/caregiver in the immediate vicinity of and in visual contact with the child. An exception will be made for children attending a Library program without a parent or caregiver in the room.

- If a child 7 and under is found unattended, Library staff will attempt to locate the parent/caregiver in the Library and inform him/her of the rules. If the parent/caregiver cannot be found, or if the child is found unattended again, the police will be called.

- If a child (17 or under) is expelled from the Library for one week or more Library staff will try to contact the parent/caregiver to establish a behavior plan and discuss Library conduct rules.
Use of Library Property for Non-Library Purposes Policy

In general, Library furniture and equipment may not be used for non-library purposes. In some instances, Library furniture or vehicles may be used by other governmental or nonprofit agencies for use by that agency in pursuit of its mission. Permission of the Director is required.
Vending Machine Policy

Proceeds from Library-owned vending machines will be collected and tracked by Circulation Supervisors. Funds will be deposited in the Vending Line Item to be used for staff room purchases.
Video Surveillance Policy

Muncie Public Library strives to maintain a safe and secure environment for its staff and patrons. In pursuit of this objective, selected Library premises are under continuous camera surveillance and recording. Cameras will not be installed in areas where staff and patrons have a reasonable expectation of privacy.

Video image recordings and still shots may be used to identify the person or persons responsible for Library policy violations, criminal activity, or activity considered disruptive to normal Library operations.

Video recordings and still shots may be used to assist law enforcement agencies in accordance with applicable state and federal laws. All requests for camera footage or still shots will be referred to the Library Director or Assistant Director. In the event of a search warrant, which is executable immediately, Library staff will comply with the warrant and notify the Director at the earliest opportunity.

Recordings may be shared with authorized Library employees when appropriate or upon approval by the Director, other Library staff to identify person(s) suspended from Library property, and to maintain a safe, secure, and policy-compliant environment.

Images may be shared with Library staff to identify person(s) suspended from Library property and to maintain a safe and secure environment.

Video records may be retained as long as considered necessary by the Library Director. Confidentiality/privacy issues prohibit the general public from viewing security camera footage.

Recordings shall not be used or disclosed other than as specifically authorized by this policy.
Volunteer Policy

Definitions
A volunteer shall be considered as any individual, 14 years or older, who assists with a variety of tasks at Muncie Public Library, without remuneration. Exceptions to the age requirement may be made by the Library Director.

Selection
Volunteers are selected and retained based on their qualifications in relation to the needs of the Library and based on their ability to commit to the required schedule.

Benefits
Volunteers do not receive any benefits from the Library nor are they eligible to receive worker's compensation benefits for injuries sustained while functioning as a volunteer.

Registration
Volunteers are required to submit a Volunteer Registration form to be reviewed by the Branch Manager at the Library location where the individual wishes to be assigned. The Branch Manager or their designee will conduct volunteer placement, scheduling and a review of the Volunteer Handbook with the new volunteer. A release form for a Criminal Background check and a satisfactory report are required for all volunteers 18 years of age and older.

Nametags
Volunteers are asked to wear nametags that identify them as a volunteer while they are assisting at the Library. Volunteers are expected to refer all requests for information to the Library staff with the exception of purely directional questions (i.e. where is the bathroom, where is the children's room, etc.)

Recording Volunteer Hours
Volunteers are asked to keep an accurate record of their volunteer hours each week/month using a Volunteer Sign-In Sheet. This sheet should be maintained by the employee directly supervising the volunteer.

Recruitment and Supervision of Student Interns
Student interns will be sought through contacts in area schools, colleges, and other educational institutions. A task list or volunteer activities list will be tailored for each program. A representative of the school or college will usually be involved in developing the outline of the project and task list in conjunction with the supervisor.

The professional staff member who shapes an individual project will be responsible for training and supervision of the intern. Because of the time involved in planning and supervising, the Library Director must approve the plan before the internship is established. If a contract is involved, the Director must review and approve it prior to accepting the Intern.

Scheduling and evaluation are the responsibilities of the Department Supervisor under whom the intern works.

Volunteers from other Organizations
Muncie Public Library works with community organizations to place their volunteers at Libraries and Library programs. Prospective volunteers are asked to complete the Volunteer Registration form and submit it to the Library or Library program where they wish to volunteer. Registration forms may also be filled out and submitted at volunteer recruiting events and fairs. Volunteers
must also submit a release form for a Criminal Background check and a satisfactory report is required.

**Community Corrections Service**  
Community Corrections Service or court-ordered volunteers are not accepted as volunteers by Muncie Public Library.

**Criminal History Background Checks**  
Criminal Background checks are required for all volunteers, 18 and older.

**Ending Volunteer Service**  
Volunteer service is at-will and can be terminated by either party (MPL or the volunteer) at any time.
